

Octavia E. Butler Society
ALA 2017

The OEB Literary Society plans to host two panels at the American Literature Association in Boston, May 2017. We invite prospective participants to submit proposals relating to any aspect of Butler's life and work. We especially encourage panels addressing Butler's influence in the work of contemporary artists across genres, and would like to devote one of the panels to this topic. Please email abstracts of 300 words to Matthew Mullins at oebliterarysociety@gmail.com
