

The Thornton Wilder Society invites papers on any aspect of the author's career (playwright, novelist, essayist, screenwriter, teacher) to be presented at the American Literature Association Annual Conference (21-24 May 2020) in San Diego, CA. We particularly welcome papers on gender/sexuality and/or ethnicity but are open to all topics involving Wilder's work and life.

For information about the author's works and available editions, as well as published Wilder scholarship, go to
